

# MUHAMMAD ABDULLAH

## SOFTWARE ENGINEER

As a software engineering student at COMSATS Lahore and a web developer in MERN stack, I have gained a strong foundation in software development principles and practices, as well as hands-on experience in web development.

Additionally, I have experience in data analysis and visualization using Python and Matplotlib, demonstrating my ability to work with datasets and extract meaningful insights.

As an intern, I am eager to apply my skills and learn new ones to contribute to the success of the organization. I am proficient in MERN stack web development, including MongoDB, Express, React, and Node.js.
